PROBLEM STATEMENT

Challenge:

Travel planning is often fragmented, time-consuming, and stressful. Users struggle to find optimal destinations, accommodations, and transport options that match their preferences and budget.

Proposed Solution:

An AI-powered Travel Planner Agent that:

- Understands user preferences, budget, and constraints
- Suggests destinations, builds itineraries
- Recommends transport and accommodation
- Integrates maps, weather updates, and local guides
- Manages bookings and alerts users to changes
- Optimizes schedules dynamically for a smooth travel experience

TECHNOLOGY USED

- IBM Cloud Lite Services
- Natural Language Processing (NLP)
- Prompt Engineering with IBM Granite
- IBM Cloud Services Used:
 - IBM Watsonx AI Studio
 - IBM Watsonx AI Runtime
 - IBM Cloud Agent Lab
 - IBM Granite Foundation Model

IBM CLOUD SERVICES USED

- IBM Cloud Watsonx AI runtime
- IBM Cloud Agent Lab
- IBM Granite foundation model

WOW FACTORS

Impactful Benefits:

- Transforms complex travel planning into a seamless experience
- Saves time and reduces stress
- Offers personalized, real-time recommendations
- Adapts to changes during travel

Unique Features:

- AI-generated itineraries based on user input
- Budget-aware planning
- Smart alerts and booking management
- Integration with weather and location-based services

You: 08:59 PM

plan me a 2 days trip from ahmedabad to somanth

AI Travel Planner Agent 08:59 PM

Here's a 2-day trip plan from Ahmedabad to Somnath:

Day 1: Ahmedabad to Somnath

- Start early from Ahmedabad and drive to Somnath (approx. 400 km, 6-7 hours)
- Visit the Somnath Temple, one of the 12 Jyotirlingas in India
- Explore the nearby Triveni Ghat and take a walk along the beach
- Overnight stay in Somnath

Day 2: Somnath to Ahmedabad

- Visit the Gir Jungle Trail or take a Jeep Safari in the morning
- Return to Ahmedabad in the evening (approx. 6-7 hours)

This plan allows you to visit the famous Somnath Temple and explore the surrounding area, while also giving you a chance to experience the natural beauty of the Gir forest. However, you can adjust the plan according to your preferences and interests.

Additionally, you can consider visiting other nearby attractions such as Dwarka, Nageshwar, and Porbandar, depending on your time and interests.

It's always a good idea to check the current travel restrictions and COVID-19 protocols before planning your trip.

The screenshot displays the IBM WatsonX user interface. At the top, the navigation bar includes the IBM WatsonX logo, an 'Upgrade' button, and user account information for 'Janmejaya Pandya's Account' in the 'Dallas' region. The breadcrumb trail indicates the current location: 'Deployment spaces / Deployment / AI Travel Planner Agent /'. The main content area is titled 'AI Travel Planner Agent' and shows a 'Deployed' status with an 'Online' indicator. Below this, there are tabs for 'API reference', 'Test', and 'Preview', with the 'Preview' tab currently selected. A 'New chat +' button is located on the right side of the chat area. The chat history shows a conversation where the user requests a 2-day itinerary from Ahmedabad to Somnath, and the AI agent provides a detailed plan for Day 1, including departure, travel time, arrival, and breakfast recommendations. A text input field at the bottom is labeled 'type something...'. On the right side, a sidebar titled 'About this deployment' provides details about the agent, including its name, description, deployment ID, serving name, software specification (runtime-24.1-py3.11), hardware specification (1 CPU and 2 GB RAM), and tags (wx-agent). The sidebar also shows the associated asset and the last modified time (1 minute ago).

You 05:38 PM

Hey there, please prepare a detailed itenary for a 2 days trip from Ahmedabad to Somnath.

AI Travel Planner Agent 05:38 PM

Sure, I'd be happy to help you plan a 2-day trip from Ahmedabad to Somnath. Here's a suggested itinerary:

Day 1:

Morning:

- **Departure:** Leave Ahmedabad early in the morning, around 7 AM. The best mode of transport would be a car or a cab, as it offers flexibility and comfort for a day trip.
- **Travel Time:** Approximately 3 hours.

Arrival at Somnath:

- **Check-in at Hotel:** Upon arrival, check into a hotel. I recommend "Hotel Somnath Regency" or "Somnath Beach Resort" for their good reviews and proximity to the temple.
- **Breakfast:** Enjoy a local Gujarati breakfast at the hotel.

Mid-Morning to Afternoon:
